

## Leadership Essentials: First Line Leadership and Supervision

by the AL Chiefs Leadership Institute &  
Virtual Academy

# In Person Training

This 24-hour hybrid training is designed for current and aspiring first-line leaders, offering practical tools and strategies to address the most pressing challenges in law enforcement today. Through a blend of in-depth learning and real-world application, participants will gain the confidence and skills needed to lead effectively in their roles.

### Key Training Points

- Enhanced overall leadership skills.
- Improved ability to make critical decisions.
- Tools for personal and team growth.
- Career path development.
- Improved relationships with peers, your team, and supervisors.
- Practical skills for supervising with a working knowledge of federal and state laws and guidelines.
